Support

Electro - Multiple Store (PRSD81)

Thank you! We are glad that you have chosen us.

Here are some basics on installing, configuring and customizing the theme that will get you started! This document is written very carefully by keeping mind Beginners, advanced users and developers.

If you are new to prestashop. Please read PRESTASHOP GUIDE first and then get along with the theme document.

Please rate our theme and keep encouraging us!

Getting Support

In case our documentation does not serve your queries. Feel free to contact our support team. Please be sure to include your site URL as well as your admin and FTP details when you contact our support team.

Our support scope

Our support covers configurations related to the theme, trouble using any features of the theme and bug fixes with the theme. We don't provide support for customizations or 3rd party extensions.

Support response time

We try our best to serve our clients around the clock, however, this is not always possible due to different time zones. The team will try to reply you as fast as possible.

In case you ask for help in the weekend, you may have to wait a little bit for support, please be patient.

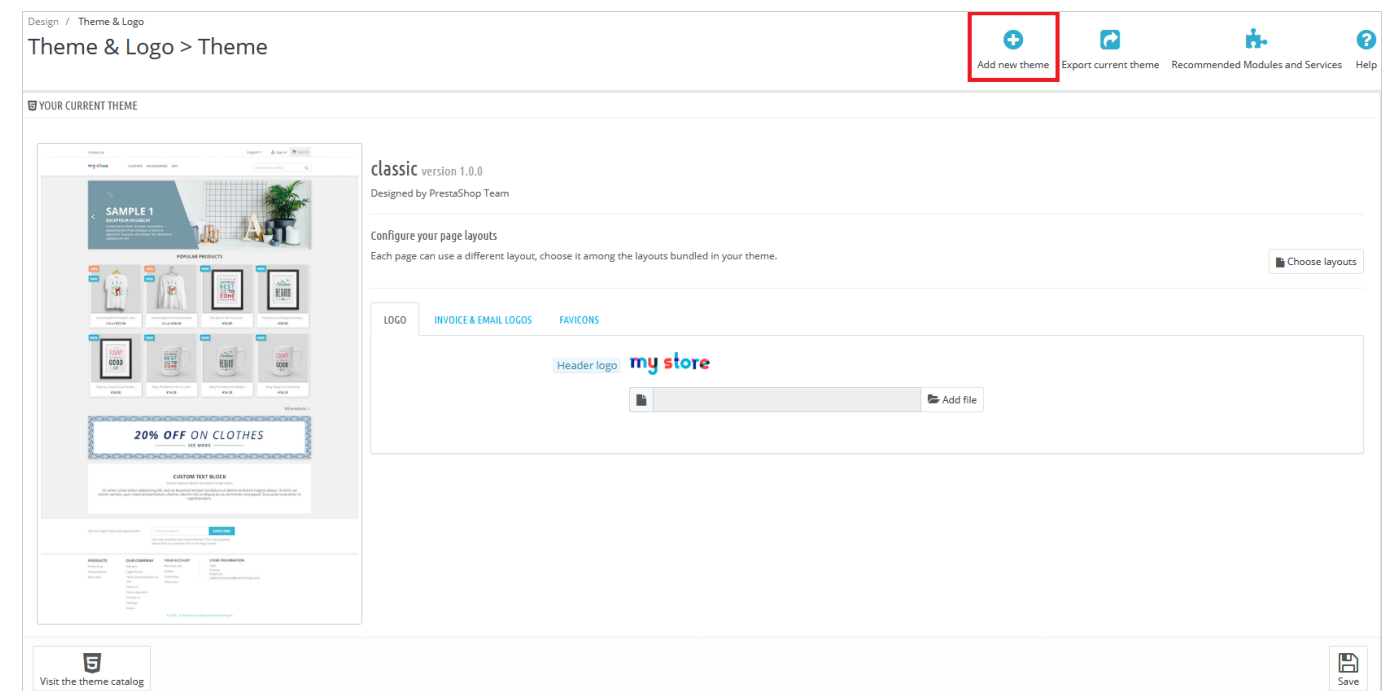

THEME INSTALLATION

Uploading Theme package

There are two options to upload a theme package.

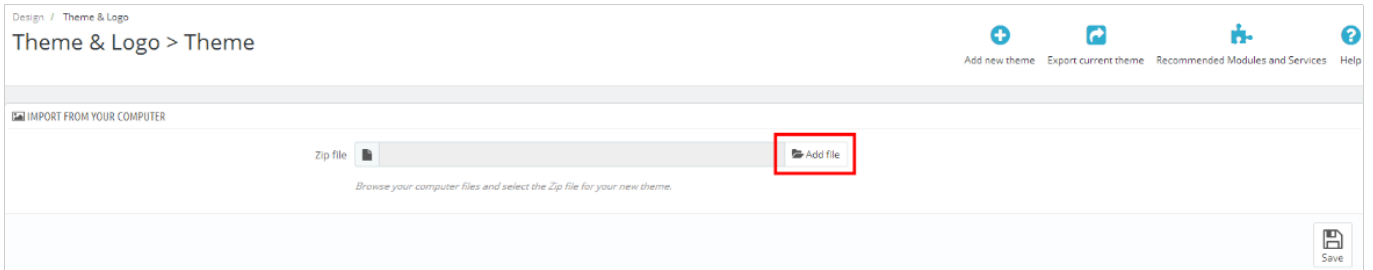

OPTION 1

1. Open PrestaShop backoffice and navigate to **Design > Theme & Logo**.
2. Click on **Add New Theme** button at top right corner. This should navigate to Theme & Logo > Theme.

The screenshot shows the PrestaShop backoffice interface for the 'Theme & Logo > Theme' section. The breadcrumb trail is 'Design / Theme & Logo'. The page title is 'Theme & Logo > Theme'. In the top right corner, there is a navigation bar with several icons. The 'Add new theme' icon, which is a plus sign inside a circle, is highlighted with a red rectangular box. Below the navigation bar, the page is divided into two main sections. The left section, titled 'YOUR CURRENT THEME', shows a preview of the 'classic' theme. The right section, titled 'classic version 1.0.0', shows the theme's details and configuration options. The 'Add new theme' button is located in the top right corner of the page, next to the 'Export current theme', 'Recommended Modules and Services', and 'Help' buttons.

3. Go to Import from your computer. And click on **Add file** and select your new theme package in **.zip** extension.

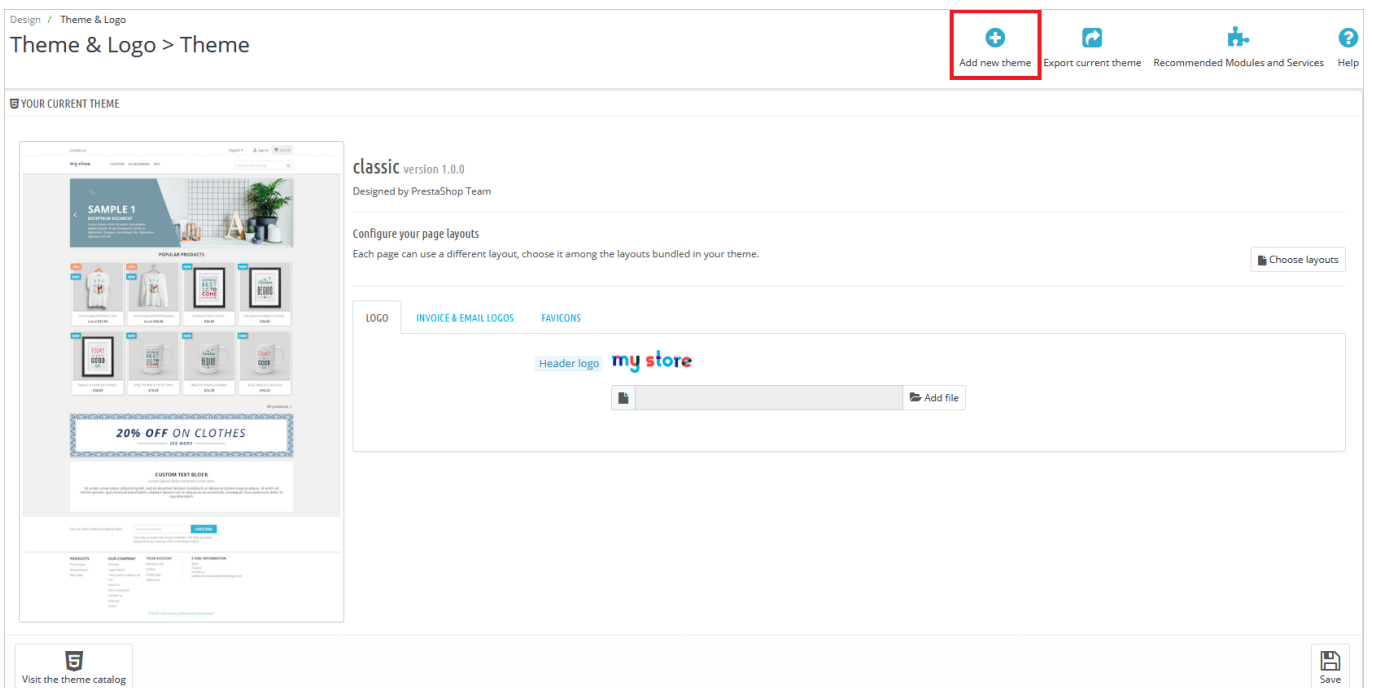

4. If the theme is uploaded successfully, It is ready to be activated.

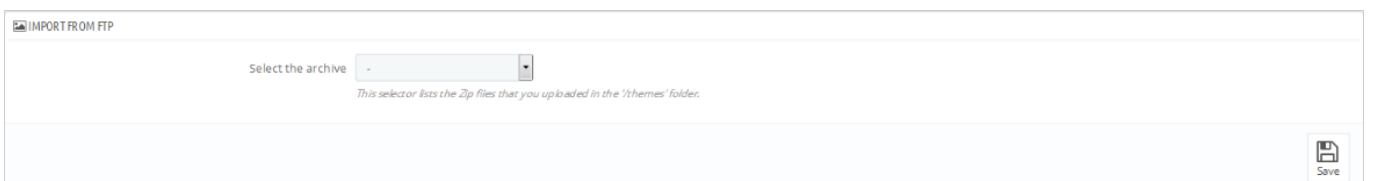

Note : If this option fails due to upload error please follow option 2.

OPTION 2

1. Upload the .zip package to your themes directory(/prestashop/themes/) of prestashop installation through FTP.
2. Open PrestaShop backoffice and navigate to **Design > Theme & Logo**.
3. Click on **Add New Theme** button at top right corner. This should navigate to Theme & Logo > Theme.

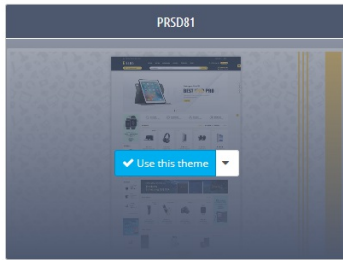

4. Go to Import from FTP. Navigate to **Select the Archive** and select your new theme package in .zip extension.

5. If the theme is uploaded successfully, It is ready to be activated.

Activating theme

1. Open PrestaShop backoffice and navigate to the **Theme & Logo** (Design > Theme & Logo).
2. The page displays your current theme and below it you can see the list of available themes for activation.
3. You can hover on the theme you want to activate and click on **Use this theme** button to activate the theme.

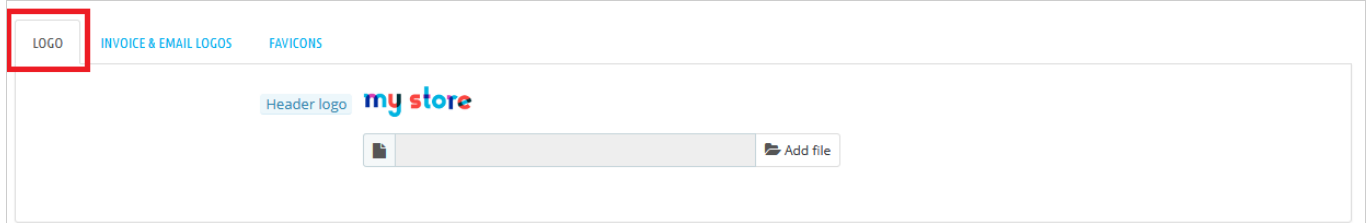

UPDATE LOGO

Theme Logo

Theme Logo is the main logo of your theme which is displayed at top of the page. To update the theme logo follow these steps:

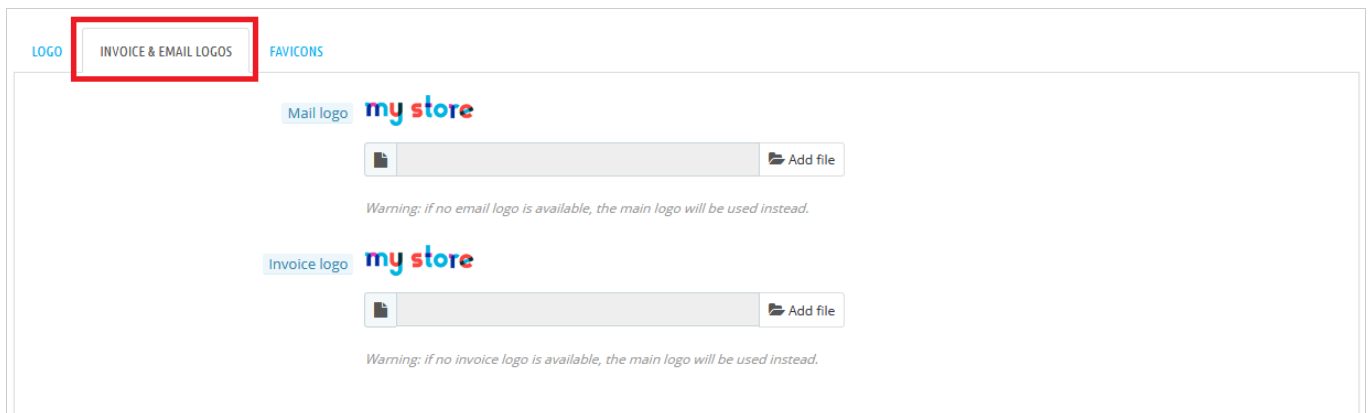

1. Open PrestaShop backoffice and navigate to **Design > Theme & Logo**.
2. The Default theme Logo is displayed in the Logo Tab.
3. Click on **Add File** to choose your new Logo for the theme.

Note : Click on "save" to update the changes.

Invoice and Email Logos Tab

1. Open PrestaShop backoffice and navigate to **Design > Theme & Logo**. Invoice logo appears on the generated invoices and Email logo appears on the, emails sent to the customers.
2. Click on Invoice & Email Logos.
3. **Mail Logo :** To update Mail logo click on **add file** to choose your new Logo for mail logo.
4. **Invoice Logo :** To update Invoice logo click on **add file** to choose your new Logo for Invoice logo.

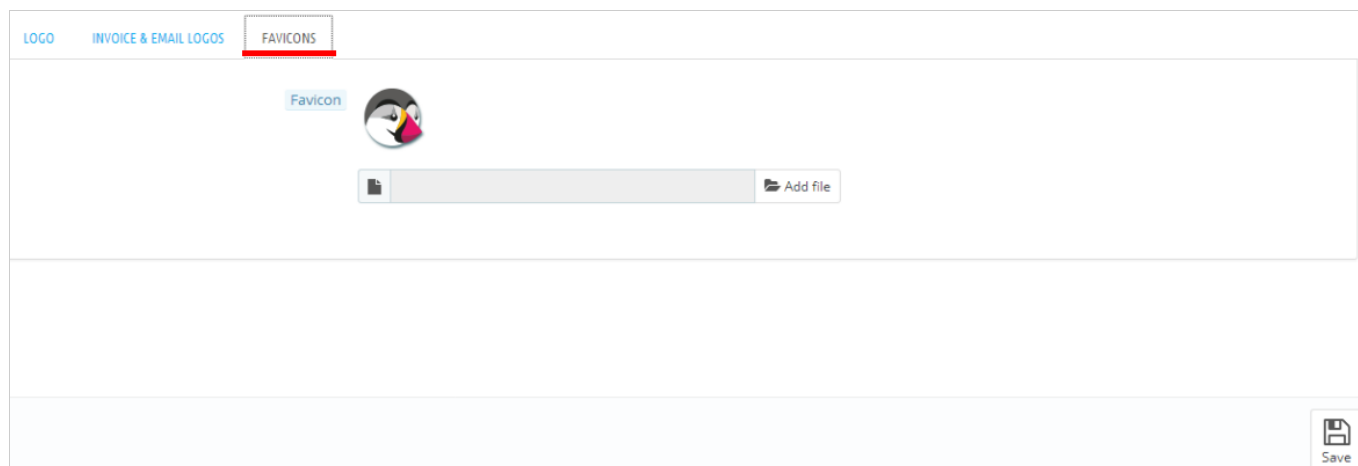

Note : Click on "save" to update the changes.

Favicons

Favicon is the small icon displayed in the browser tab title with the website name.

1. Open PrestaShop backoffice and navigate to **Design > Theme & Logo**.

2. Click on Favicons Tab.
3. Click on **Add file** to choose your new Favicon for theme.

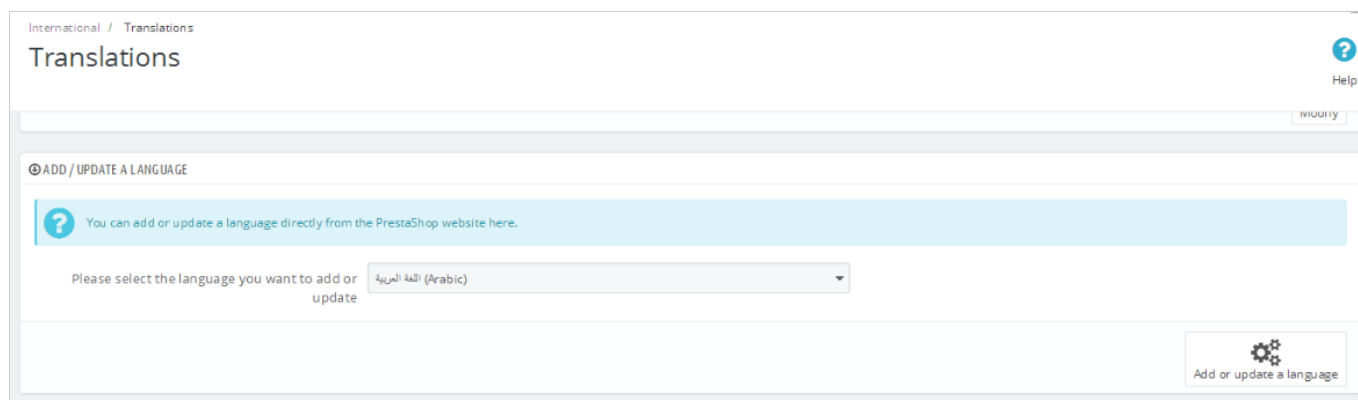

Note : Click on "save" to update the changes.

THEME PREREQUISITES

Add new Language

1. Open PrestaShop backoffice and navigate to the **International > translations** .
2. Find Add / Update a Language from the page.
3. Select desired language from dropdown menu.

4. Click on **Add or Update language** button at bottom right corner of the form for saving the changes.

Add new Currency

1. Open PrestaShop backoffice and on the left side menu, navigate to **International > Localization** .
2. Click on the Currencies tab.
3. Click on the **Add new currency** button at top right corner in the page. This should navigate to Add currency page. The fields which can be configured are:

Localization / Currencies

Add new

Localization Languages Currencies Geolocation

CURRENCIES

* Currency US Dollar (USD)

* Exchange rate 1

SUPPORT

Getting Support

In case our documentation does not serve your queries. Feel free to contact our support team. Please be sure to include your site URL as well as your admin and FTP details when you contact our support team.

Our support scope

Our support covers configurations related to the theme, trouble using any features of the theme and bug fixes with the theme. We don't provide support for customizations or 3rd party extensions.

Support response time

We try our best to serve our clients around the clock, however, this is not always possible due to different time zones. The team will try to reply you as fast as possible.

In case you ask for help in the weekend, you may have to wait a little bit for support and please be patient.

Please rate our theme and keep encouraging us!

Thank You.
